The Honorable Rosa DeLauro
Ranking Member

Dear Chairman Cole and Ranking Member DeLauro:

I write to request community project funding for the **City of Glenn Heights Wastewater Treatment Project** in Fiscal Year 2025. The entity to receive funding for this project is the **City of Glenn Heights, TX** with the project location spanning across the **Cinnamon Estates neighborhood of Glenn Heights, TX 75154**. The funding for this project would be used to replace 14,891 linear feet of clay sewer pipe with an 8-inch Polyvinyl chloride (PVC) sewer line within the Cinnamon Springs Estates subdivision, in Glenn Heights, Texas. The project is an appropriate use of taxpayer funds as it addresses a need to replace old infrastructure that has outlived its life expectancy which leads to other issues such as infiltration & inflow (I&I). The I&I increases sewer volumes collected by the regional treatment plant due to heavy rainfall, which significantly increases the costs the City of Glenn Heights is obligated to pay for wastewater treatment. With this project, the city is addressing its future growth in conjunction with minimizing the negative impact of infiltration & inflow within its sewer system.

The project has a federal nexus because the funding request is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,
