The Honorable Rosa DeLauro  
Ranking Member  
House Committee on Appropriations  
H-307 The Capitol  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am writing to request community project funding for **City of Lancaster Taxiway Relocation Project** in Fiscal Year 2025. The entity to receive funding for this project is the **City of Lancaster, Texas** and the project location will be located at **950 Ferris Road, Lancaster, TX 75146**. The funding would be used to relocate the existing taxiway that would enhance operational safety and efficiency, which is crucial for accommodating the increase in air traffic and supporting the region's economic development. The project is an appropriate use of taxpayer funds as the project is critically important for addressing the immediate and strategic infrastructure needs in Lancaster, Texas. With the region experiencing rapid industrial and commercial growth, the increase in air traffic has pushed the current taxiway configuration to its limits, creating potential safety risks and operational bottlenecks. This project aims to relocate the taxiway, thereby enhancing the airport's capacity and ensuring it can continue to support the area's economic expansion effectively.

The project has a Federal Nexus because the funding request is for purposes authorized by 49 U.S.C. 47100 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,
