The Honorable Rosa DeLauro  
Ranking Member  
House Committee on Appropriations  
H-307 The Capitol  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the **City of Glenn Heights – Citywide Pump Station Improvements** in Fiscal Year 2027. The entity to receive funding for this project is the **City of Glenn Heights, TX**, located at **1938 S Hampton Road, Bldg. C., Glenn Heights, TX 75154**. The funding would support the expand and modernize its municipal pump station to increase capacity from 9,000 to 12,000 gallons per minute. The project includes the installation of additional pumps and upgraded electrical equipment to support a growing population, integrate with a new ground storage tank, and ensure reliable water service and fire protection.

The project is an appropriate use of taxpayer funds because it strengthens essential water infrastructure in one of the fastest-growing communities in Dallas County, preventing future system failures, service disruptions, and costly emergency repairs. By proactively increasing system capacity, the project ensures compliance with state regulatory requirements, supports sustainable development, and protects public health and safety. Additionally, reliable water infrastructure is critical for economic growth, emergency response, and community resilience, delivering long-term value to residents while reducing future financial burdens on taxpayers.

The project has a federal nexus because the funding provided is for purposes authorized under Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read 'J. Crockett'.
