Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the **City of Lancaster – I35 E Sewer Infrastructure Improvements** in Fiscal Year 2027. The entity to receive funding for this project is the **City of Lancaster, TX**, located at **211 N Henry Street, Lancaster, TX 75146**. The funding would be used to support improvements to sewer infrastructure along Interstate 35E between Pleasant Run Road and Wintergreen Road. These improvements will expand wastewater capacity through the construction of new sewer lines, modernize aging infrastructure, and remove a critical barrier to redevelopment along one of the City's most visible and heavily traveled commercial corridors.

The project is an appropriate use of taxpayer funds because it supports the City's ability to deliver clean, reliable water services by ensuring wastewater is safely and efficiently conveyed and treated, protecting public health and environmental quality. Additionally, the project unlocks significant economic development potential along a high-traffic regional corridor, encouraging private investment, job creation, and increased property values.

The project has a federal nexus because the funding provided is for purposes authorized under Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,
